

MOBIAK®

FIREFIGHTING • GASES • MEDICAL est. 1977

Toolboxes

- Made of polypropylene by injection moulding
- Reinforcement ribs to ensure stability and durability
- Cylinder lock in nylon to ensure maximum security
- Internal TPE seal and enveloping lid against water and dust ingress

CERTIFICATIONS

Dust and water resistance

Homologation as
Lateral Protection
System

Vibrations test
(MIL-STD-810G)

FEATURES

Resistance to:

Flame

Fuel/lubricating
oil

Shocks

High/low
temperatures

Water/dust
ingress

Uv rays

Horizontal Brackets - Steel Pro

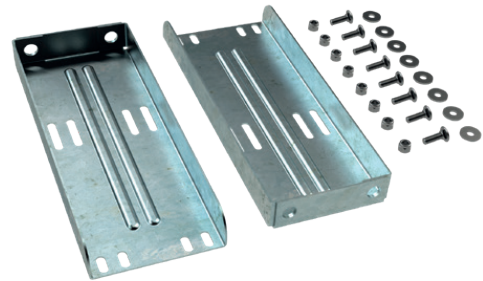

Fit for: 81100 - 81102 - 81105 - 81109

Weight 2,3 kg | Thickness 2 mm | Maximum Load 150 kg

88460

Epoxy-powder coated steel brackets with Geomet coated fixing kit.

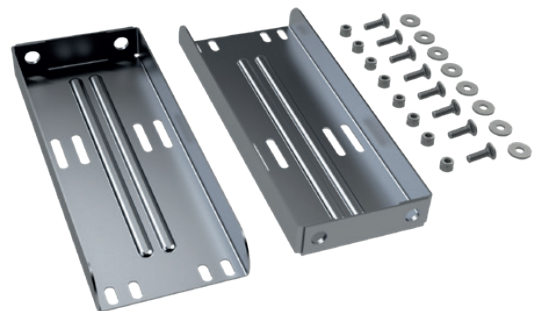

88461

Cold galvanized steel Brackets with fixing kit.

88462

Hot galvanized steel brackets with Geomet coated fixing kit.

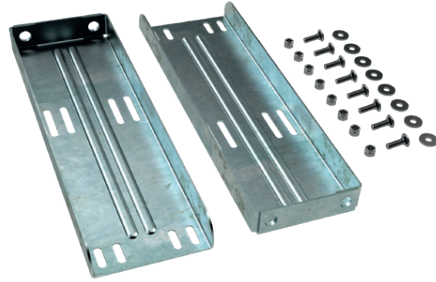

88463

Steel Magnelis brackets with Geomet coated fixing kit.

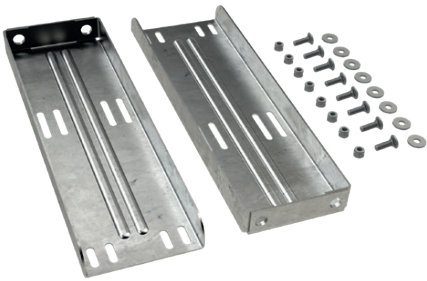

Fit for: 81104 - 81106 - 81108 - 81111
 Weight 3,3 kg | Thickness 2,4 mm | Maximum Load 150 kg

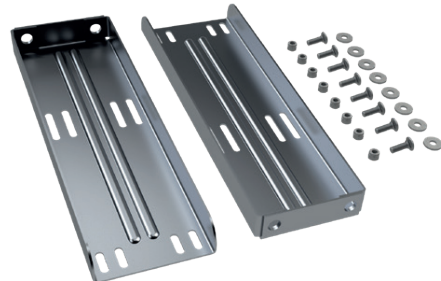

88470
 Epoxy-powder coated steel brackets with Geomet coated fixing kit.

88471
 Cold galvanized steel brackets with fixing kit.

88472
 Hot galvanized steel brackets with Geomet coated fixing kit.

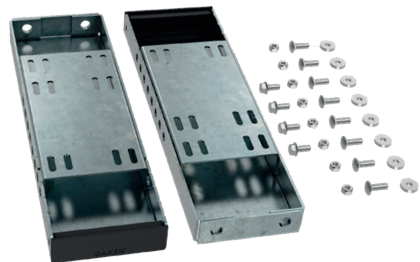

88473
 Steel Magnelis brackets with Geomet coated fixing kit.

Horizontal Brackets - Steel Slide

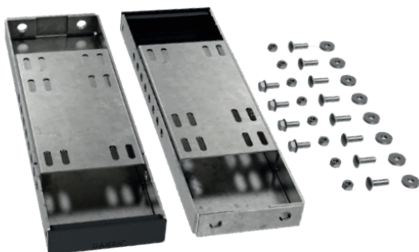

Weight 6,2 kg | Thickness 3 mm (ext) - 2,5 mm (int) | Maximum Load 150 kg

88710
 Epoxy-powder coated steel brackets with Geomet coated fixing kit.

88711
 Cold galvanized steel brackets with fixing kit.

88712
 Hot galvanized steel brackets with Geomet coated fixing kit.

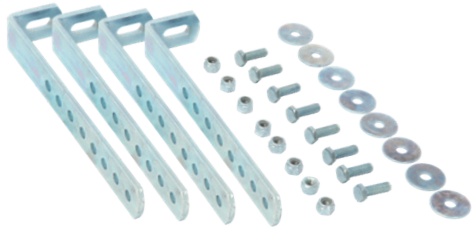

88713
 Steel Magnelis brackets with Geomet coated fixing kit.

Vertical Brackets

Fit for all sizes

Weight 1,7 kg | Thickness 6,0 mm | Maximum Load 200 kg

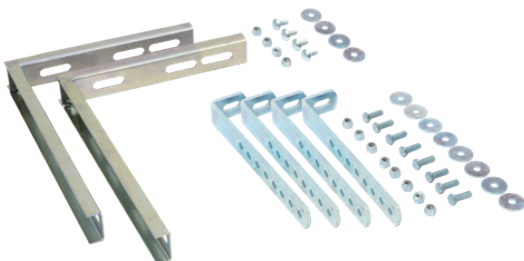

88401
Cold galvanized steel brackets with fixing kit.

88402
Hot galvanized steel brackets with Geomet coated fixing kit.

Weight 2,8 kg | Thickness 2,0 mm | Maximum Load 200 kg

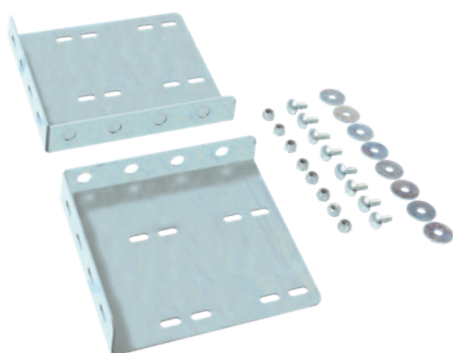

88451
Cold galvanized steel brackets with fixing kit and "L" support.

Special Brackets

Fit for: 81101 - 81100 - 81102 - 81105

Weight 2,0 kg | Thickness 2,0 mm | Maximum Load 150 kg

88441
Cold galvanized steel horizontal / vertical brackets with fixing kit.
